Secretaria de Estado de Meio Ambiente e Recursos Hídricos, as contractor, and Coordenadoria Estadual de Proteção e Defesa Civil do Espírito Santo (CEPDEC) as executing agency of the Auto Tank Pump and Rescue Car Acquisition, according to the established attributions In the Espírito Santo Integrated Sustainable Water Management Project, in which the World Bank signed Loan Agreement No. 8353-BR with the State of Espírito Santo, it makes known the ADDITION below, thus refining its requirements, as it identified changes in commercial terms, as provided for in item 8 of the Notice, which considers essential to promote greater clarification to the constituent documents of the proposal:

At item ITB 11.1(j) of “Section II – Bid Data Sheet (BDS)”:

Where it reads:

Management Strategies and Implementation Plans (MSIP) to manage the (ESHS) risks

The Bidder shall submit Management Strategies and Implementation Plans (MSIP) to manage the following key Environmental, Social, Health and Safety (ESHS) risks:

- Traffic Management Plan to ensure safety of local communities from construction traffic;
- Water Resource Protection Plan to prevent contamination of drinking water;
- Boundary Marking and Protection Strategy for mobilization and construction to prevent offsite adverse impacts;
- Strategy for obtaining Consents/Permits prior to the start of relevant works such as opening a quarry or borrow pit;
- Gender based violence and sexual exploitation and abuse (GBV/SEA) prevention and response action plan.

The Contractor shall be required to submit for approval, and subsequently implement, the Contractor’s Environment and Social Management Plan (CESMP), in accordance with the Particular Conditions of Contract Sub-Clause 4.1, that includes the agreed Management Strategies and Implementation Plans described here.
